

## Life Expectancy

The following Data is taken from the World Health Organisation, and covers every major country (over 500,000 people) in the Americas, Africa and Europe.

Columns 1 to 9 are life expectancy at birth – that is how long the average person will live.

Column 10 is stillbirths in 2009 (that is, children dead at birth) for every 1000 births.

Write a suitable question, then answer it fully, as you would for the assessment.

Index	Country	Zone	Males			Females			Both			Still Births
			1990	2000	2009	1990	2000	2009	1990	2000	2009	2009
